On-site Curriculum Trainings

The Arizona Department of Education has assembled a cadre of trainers to provide a one-day, on-site curriculum training for school personnel. Schools can arrange for educators to be trained in either ***Making A Difference!*** (grades 6-9) or ***Reducing the Risk*** (grades 9-12). Both curricula are research-based and emphasize abstinence, personal-limit setting, and refusal skills. Curricula can be tailored to focus on sex education or HIV prevention. These trainings are designed for educators who have a basic understanding of HIV and other sexually transmitted diseases. There is no cost to the district for the curriculum materials and training, but trainings require a minimum of 10 participants who will implement the curriculum within a year. For more information about the curricula, access the “Research-Based HIV Prevention Curricula Chart” at <http://www.ade.az.gov/health-safety/health/hiv/>.
